

How do I connect Cliniko to PracTx?

Step By Step Instructions

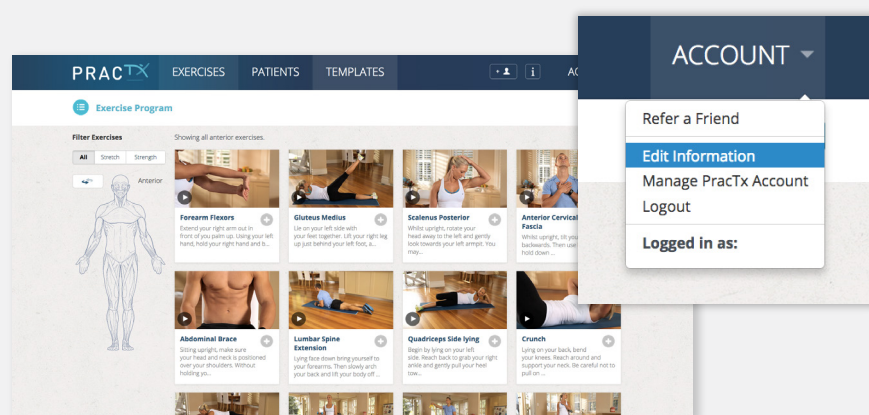

1

Log into PracTx

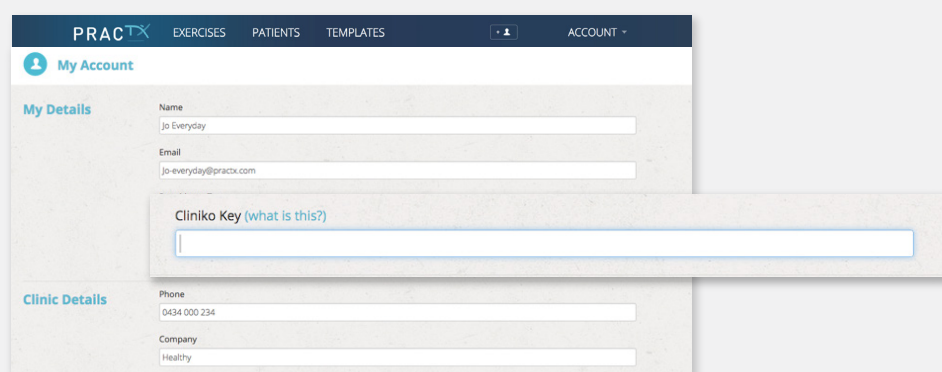

2

Under account click Edit Information

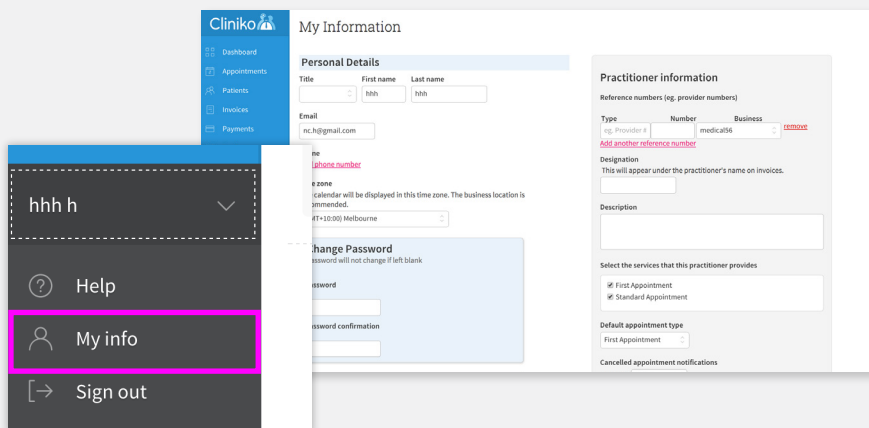

3

Fill your details.
You will see a text box with the title “Cliniko Key (what is this?)” Here you will add your Cliniko Key.

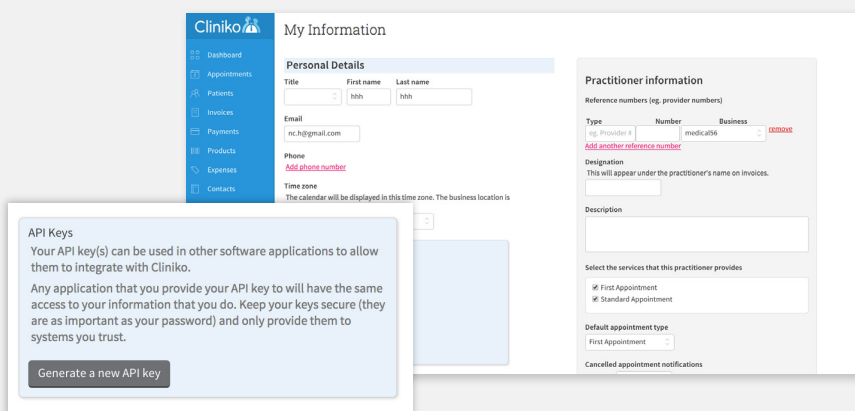

4

To get your key Log into Cliniko. Under your account select “My Info”.

5

Scroll down until you see “API Keys”, and Click “Generate a new API key”
Copy and past this key into the Cliniko key box on PracTx and select save details.

6

Go to the patient tab to see all of you Cliniko patients in PracTx!
To update your patients from Cliniko simply click “ADD PATIENTS” in the patients, then “UPDATE FROM CLINIKO”
